

PacMate®

Turn old boxes, newsprint or computer printouts into economical packaging material FREE!

MODEL PacMate®

The special PacMate technique converts empty corrugated boxes, newsprint or computer printouts (non-confidential) into large-volume void fill material or cushioned packing mats suitable for packing even sensitive goods for transport. The PacMate incorporates the same economical and reliable traits of the larger PacMaster.

MODEL PacMate®

Features

- Allows the user to utilize newsprint and computer printouts (non-confidential) for their packing material needs
- Table top convenience, make it easy to move from location to location
